

The Definitive Web3 Address for Charity

As the global economy shifts toward RWA (Real World Asset) tokenization, the bridge between physical assets and the blockchain requires a singular, authoritative address. .com was for information; w3.charity is for settlement.

Category thesis

Radical transparency in philanthropy.

High-value use cases

- Transparent funding
- Verified identity
- Public accountability
- Token-gated communities
- Programmatic philanthropy
- Dispute-resilient records

Ideal acquirer profile

- Foundations and philanthropic networks
- Platforms focused on transparency, identity, and public trust
- Institutions modernizing records and accountability
- Builders creating token-gated communities and governance systems
